

LUNCH AND LEARN SUMMARY: AIA CEU Presentation

ASSA ABLOY Entrance Systems would appreciate the opportunity to present a lunch and learn seminar with your office. The AIA accredited one-hour program entitled “Automated Openings for Exterior and Interior Applications” will address the **use and best practices of automatic door systems in all building types**.

Presentation Summary:

The program will focus on automated pedestrian, high performance, sectional, and large format door applications as well as their compliance to the many complex standards. (i.e. BHMA/ANSI 156.10, BHMA/ANSI 156.19, and ASHRAE 90.1). Best practices will be discussed for the proper compliance with NFPA, Building Codes, Energy Codes, and LEED contributions.

ASSA ABLOY Entrance Systems is the world's most comprehensive supplier of entrance automation solutions for efficient flow of goods and people. Today we have gathered a strong portfolio of global brands under a single roof, preserving the wealth of expertise of each. Besam Automatic Entrances, ASSA ABLOY Sectional Doors, TKO Impactable Dock Doors, Albany High Performance Doors, and Megadoor are brands that are market leaders in their fields, and they have been for decades.

Our solutions form a total offering for the front, back, and interior of your building. Our combined approach means we understand the full range of challenges you face, and allows us to provide the best solution for your total entrance needs. We look forward to providing this AIA accredited presentation for your team!
